Current Events

CUSO INFORMATION MEETING

All those interested in learning more about CUSO are invited to attend an Information Night on Tuesday, January 19 from 8:30 to 10:30 in the SUB. The program will include several short informational presentations on what CUSO is all about, what kinds of requests the organization is presently receiving from overseas countries, some audio-visual presentations of actual CUSO projects overseas, and a chance for those interested in specific areas to talk to returned CUSO volunteers and resource people.

FACULTY NEWS

Canada Council Leave Fellowships have been awarded to R.I. Cheffins (Political Science), C.S.M. Girard (History), D.A. Griffiths (French), J.E. Hendrickson (History), and G.P. Mason (Education).

Dr. E. Efrat (Political Science) has received a Canada Council grant for the purpose of preparing a manuscript entitled "An Evaluative Investigation of Canadian Aid to Three States in Emergent Africa--Ghana, Cameroon, Tanzania".

Dr. D. Knowles (Education) has been awarded a grant by the Educational Research Institute of B.C. to conduct a study on attempts to make the primary school program of young boys more masculine in activities, materials, and expectations.

Mrs. Shirley Baker (Women's Activities and Housing), local CUSO Committee Secretary, has been elected to CUSO's National Board of Directors for a two-year term.

Dr. H.D. Foster (Geography), editor of the Western Geographical Series, has announced the publication of Volume 2, 1970, entitled "Geographica". He has also published "Establishing the Age and Geomorphological Significance of Sorted Stone-Stripes in the Rhinog Mountains, North Wales", in Geografiska Annaler.

Dr. John Dewey (Physics) attended the 23rd Annual Meeting of the American Physical Society's Division of Fluid Dynamics in Charlottesville, Virginia. He presented a paper entitled "Anomalies of Blast Waves from Chemical Explosions".

Dr. Harbhajan Sandhu (Physics) presented a paper at the winter meeting of the American Physical Society at Stanford University in California on December 28, 1970.

Dr. Colin Scarfe (Physics) delivered a paper entitled "Photoelectric Observations of VW Cephei" at a meeting of the American Astronomical Society in Tampa, Florida, December 7-9, 1970. The observations were obtained using the telescope in the Elliott Building dome.

Dean J.L. Climenhaga attended the Tampa meeting of the American Astronomical Society as well, and presented a paper entitled "The C^{12}/C^{13} Abundance Ratio in 10 Carbon Stars".
